

HAZARDOUS
KEEP OUT OF REACH OF CHILDREN

Shield™

ACTIVE CONSTITUENT:
740g/kg CALCIUM CHLORIDE

Increases calcium

**Prevents deterioration
and corrosion of spas
and heating equipment**

Net contents: 450g

BioGuard® SPA

BioGuard® SPA™ Shield™ raises the calcium hardness of spa water, providing the following benefits:

- ☑ Prevents severe deterioration of spa surfaces, corrosion of metal fittings and equipment caused by low calcium hardness.
- ☑ Assists in maintaining calcium hardness in the recommended range of 100-200ppm.

DIRECTIONS FOR USE

WARNING: NEVER add more than one third (1/3) of the required amount of **BioGuard SPA Shield** at any one time. If using the **BioGuard SPA Perfect Balance™** pH control system, consult your nearest **BioGuard Approved Retailer** first.

Approximate Dosage: 10 grams of **BioGuard SPA Shield** per 1000 litres of water will raise calcium hardness by approximately 10ppm. Always broadcast product directly over bather-free water. NEVER add near skimmer intake or directly into skimmer. For further advice, consult your **BioGuard Approved Retailer**.

GENERAL INSTRUCTIONS

1. Determine total amount required for spa. Split into 3 equal doses.
2. Add first dose and leave for at least 1 hour with pump running.
3. Repeat with second dose, again leaving for at least 1 hour with pump running.
4. Repeat with final dose, again leaving for at least 1 hour with pump running.

One level capful holds approximately 15 grams of BioGuard SPA Shield.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

CAUTION

DO NOT RE-USE EMPTY CONTAINER FOR ANY OTHER PURPOSE.

NOT TO BE USED AS A FOOD CONTAINER.

SAFETY DIRECTIONS

Irritant. Contains Calcium chloride. Product may irritate the eyes, nose, throat and skin. Avoid contact with the eyes, skin and clothing. Do not breathe dust. Use clean containers for dispensing. Do not mix with other chemicals. Mix with water only. Store under cover in a clean, cool, well-ventilated place away from sunlight. In case of spillage, flush with large quantities of water. Wash hands after use.

FIRST AID

If poisoning occurs, contact a Poisons Information Centre (Phone: Australia 131 126 or New Zealand 0800 764 766) or a doctor. If swallowed, DO NOT induce vomiting. If in eyes, wash out immediately with water. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.
